

Birrus Matting Systems

Product Environmental Specifications

Birrus Matting Systems is a leading provider of environmentally conscious and durable recessed entrance mats that prioritise safety, protection and aesthetics. We are dedicated to creating sustainable solutions for today and future generations.

Our recessed entrance mats offer both safety and style, effectively reducing trip and fall hazards whilst enhancing the first impression of any building. Customisable in shape, size, and colour, our entrance mats can also incorporate any picture design to match your aesthetic preferences.

Applications: Our recessed entrance mats are suitable for a wide range of settings, including commercial, industrial, residential, schools and universities, apartment buildings, hospitals & health, hotels, restaurants, government buildings, supermarkets, airports, and car showrooms.

Manufacturing: We take pride in our adhesive-free manufacturing process, using only marginal chemicals for a more environmentally friendly product.

Manufacturing Location: 60 Gaine Road, Dandenong South, Vic 3175

Installation: Our meticulous process ensures a perfect fit for your entrance mat. From precise measurements to CAD drawings and expert installation, we create seamless and undetectable joins for any designed size and shape.

Services & Distribution: All areas Australia-wide.

Maintenance: To maintain the life expectancy and aesthetic of our products, we recommend regular vacuuming or cleaning, with dry-brush or spray cleaning methods depending on usage and staining.
