

## BIRRUS MATTING SYSTEMS

### Birrus Matting Systems Product Stewardship Policy and Lifecycle Management Plan

Birrus Matting Systems and its manufacturing partners are committed to responsible life cycle management and the core principles of product stewardship and extended producer responsibility.

As a manufacturer of aluminium extruded Entrance Matting, Birrus Matting Systems understands that corporate social and environmental responsibility goes beyond the point of sale and warranty periods.

In conjunction with our manufacturing partners and suppliers we will take back all aluminium extruded entrance matting products and recycle in the following ways.

Our product stewardship options include:

- ✓ Refurbishment of a purchased Birrus Aluminium Extruded Entrance Mat, being the Ultramat, Duramat, Cocamat and Duagrit products for possible reuse by existing customer or on selling/remarketing to new customers.
- ✓ Disassembly of a purchased Birrus Aluminium Extruded Entrance Mat, being the Ultramat, Duramat, Cocamat and Duragrit products, for component and/or materials reuse in new product manufacturing.
- ✓ Disassembly of a purchased Birrus Aluminium Extruded Entrance Mat, being the Ultramat, Duramat, Cocamat and Duragrit products, for materials recycling by approved operators/recycling companies.

Ms Melissa McRae – General Manager  
Birrus Matting Systems

### **Product Stewardship Agreement**

This Product Stewardship Agreement is in accordance with Birrus Matting Systems Product Stewardship Policy.

Birrus Matting Systems recognises the environmental significance of product life cycle management and the aluminium extruded entrance matting recovery and processing services reflect this approach. This document confirms the specific scope and extent of the product stewardship services offered/tendered.

### SECTION 1: PRODUCTS SUBJECT TO THIS AGREEMENT

- ✓ Flooring – Matting                      Quantity – Unknown

## SECTION 2: EXTENT AND SCOPE OF SERVICES TO BE PROVIDED

---

- ✓ Coordinate product disassembly for component/part reuse
- ✓ Coordinate product disassembly for materials recycling and processing
- ✓ Coordinate product disassembly for replacement treads when product required refurbishing.

## SECTION 3: SPECIAL NOTES

- 1) The customer or tenant shall bear the full costs of any activity associated with de-installation, collection and removal of products as specified in Sections 1 and 2.
- 2) Standard labour rates (of the day) will be applied/charged to any activity specified in Section 2 and undertaken by Birrus Matting Systems in order to deliver the client sanctioned product stewardship service(s).
- 3) The customer or tenant will be responsible for the safe removal of all power, data and communications cables/wiring prior to de-installing any products subject to product stewardship services specified in Section 2. The customer/tenant shall bear the costs associated with undertaking such work.
- 4) Any and all proceeds arising from any of the product stewardship services specified in Section 2 remain under the control of Birrus Matting Systems.
- 5) Subject to agreement in writing by all parties, cost attribution other than that noted above can be negotiated between Birrus Matting Systems and the customer tenant.
